Think about how long and tedious it would be to clean-up after a party, with no assistance from equipment. Previously, the dirt from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the top cleaning products during that time. The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After starting his business during 1906, he started to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the beginning was to have a worldwide company advertising goods worldwide. The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by one individual because it only weighed 17.5 kilos! This invention came in a time where numerous cleaning machines were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing crisis; stuff get filthy and should be cleaned regularly, without a lot of effort. Gradually but progressively, Nilfisk-Advance developed throughout the years. In the nineteen eighties, this development really occurred when the company became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap ahead within the industry, aiming to be among the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently located in every part of the world by gradually acquiring numerous smaller businesses so as to develop their product range and presence in new markets. They are proud to provide different cleaning solutions to meet every requirement.
