

TCM Forklift Parts

In the global business of material handling, lift trucks play a major part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the United States, lift trucks gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally. First founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. prior to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM began constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China. TCM proudly makes numerous models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading company.
